The data presented in the 2022 Global Group of Companies Sustainability Report includes information from the companies and projects within our reporting scope.

These data include information identified internally from the project portfolio:

- 1. Global Office of Construction
- 2. Global Office of Energy
- 3. Global Office of Infrastructure
- 4. Global Office of Real Estate
- 5. Global Office of Services
- 6. Global Office of Technology

These data also include information identified externally from the project portfolio:

- 1. Global Office of Construction
- 2. Global Office of Energy
- 3. Global Office of Infrastructure
- 4. Global Office of Real Estate
- 5. Global Office of Services
- 6. Global Office of Technology

1) Data also include information identified from the project portfolio:

- 1. Global Office of Construction
- 2. Global Office of Energy
- 3. Global Office of Infrastructure
- 4. Global Office of Real Estate
- 5. Global Office of Services
- 6. Global Office of Technology
